with reference to letter no. HPPRC/F010/1/2022-IT SECTION-HPPERC Dated NIL Received from HIMACHAL PRADESH PRIVATE EDUCATIONAL INSTITUTIONS REGULATORY COMMISSION in continuation of File No. DOE/SDA/SCBP/15-Vol-II/2022-23-9183-90 dated 04-02-2023 recommended by STATE DESIGNATED AGENCY DIRECOTRATE OF ENERGY PHASE-III, SECTOR-VI, NEW SHIMLA-171009.

An Energy Club is constituted at Vijay Memorial College of Education, Near Gram Panchayat Bhawan, V.P.O Barsu (Bagla), Tehsil Balh, Distt Mandi (H.P). With following Vision, Mission and Objectives.

VISION

To make people aware about energy conservation , environment protection and ensure their commitment in this regard.

MISSION

To make people aware about the need, concept and methodology of energy conservation and environment protection. To acquaint its benefits to the individual, society and nation as a whole by regularly organizing seminars, workshops, exhibitions, painting, rally etc. providing opportunities to students, in planning and organizing regular activities related energy conservation and environment protection and undertake other awareness programs through this energy club every year to spread the message of energy conservation and environment protection.

OBJECTIVES OF ENERGY CLUB PROGRAMME:

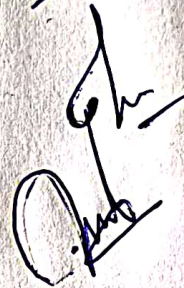

- To send message of importance to conserve energy in every walk of life among people.
- To Promoting the objective of energy conservation by organizing events such as discussion, webinars, competitions, debates-declamation, painting, rallies, seminars and workshop etc.
- To Promote less energy usage among people by cutting down on excessive and wasteful uses.
- To encourage people for efficient energy use in order to decrease the energy consumption and prevent energy loss.
- To Encourage young generation to think of new innovative alternative energy technology.
- To develop a scientific temper, Scientific outlook and open mindness among our trainees.
- To Showcase recent developed cutting edge technology in the field of energy conservation.
- To promote renewable energy and its adoption among people in locality.
- To prepare list of different ways to access energy and channeling its consumption through involvement of trainees in the institution.
- Providing opportunities to trainees enumerate list of unnecessary utilization of energy resources and find out best alternate for it in the institution.
- To conduct Energy Audit to control excessive energy consumption for sustaining energy and environment protection.

- To Aware Trainees about energy conservation and environment protection by Organizing different Competitions viz. essay/ quiz/ debate/ sit & draw/ exhibition/ group discussion/ song/ slogan/ one act play/ etc. on energy conservation.
- To organize Awareness program in the locality on energy conservation and environment protection.

CONSTITUTION OF ENERGY CLUBS IN VIJAY MEMORIAL COLLEGE OF EDUCATION UNDER LIFESTYLE FOR THE ENVIRONMENT (LIFE)

Observance of World Environment Day

"Energy Club", Vijay Memorial College of Education Barsu observed World Environment Day under Mission LiFE (Life Style for Environment) on the 5th June, 2023. The main objective of the event was to increase awareness among the prospective teachers and the community about the importance of the environment and the need to protect it. Our College organized different activities including Slogan Writing & Poster Making on the theme of Environment day 2023, "Solution to Plastic Pollution #Beat Plastic Pollution" Prospective teachers of different houses participated with great enthusiasm in these different activities to ensure their active contributions to clean, protect and conserve the environment. Despite it Dr. Deepti (Principal, Vijay Memorial College of Education) planted different types of plants along with faculty members & B.Ed. teacher trainees in the college campus. Beside it trainees cleaned natural Drinking water resource i.e. "Step Well" (Babri) in the locality. Apart from it college has organized awareness rally which was started on green signal of principal Dr. Deepti in which faculty members and prospective Teachers marched from college premise Barsu towards Bagla village, during the rally prospective Teachers raised slogans to aware local community regarding environment protection and sustainable development after that rally returned to the college premise, where college Principal Dr. Deepti delivered an inspiring speech on "What role the environment plays" and "Why it is important for people" and "How can we contribute for its conservation". The event was ended with the National Anthem.

AN AWARENESS RALLY ON CONSERVATION AND
PROTECTION OF ENVIRONMENT IN LOCALITY
GRAM PANCHAYAT BARSU, MANDI (H.P.)

Report on Meeting of Energy Club

Vijay Memorial College of Education, Barsu Bagla

Date: 04/06/2024

Introduction

The Energy Club of Vijay Memorial College of Education, Barsu Bagla, held a meeting to discuss various activities related to energy conservation and sustainability. The meeting also aimed to form a new committee and add new members to the club.

Agenda

1. Discussion on activities related to energy conservation and sustainability
2. Formation of new committee for Energy Club
3. Addition of new members to the Energy Club
4. Planning for upcoming events and workshops

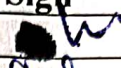

Proceedings

1. The meeting began with a welcome address by the Convener, Energy Club.
2. The members discussed various activities related to energy conservation and sustainability, including energy audits, awareness campaigns, and renewable energy projects.
3. The meeting formed a new committee for the Energy Club.
4. The meeting also added new members to the Energy Club, including Ms Disha Upadhyay
5. The members planned for upcoming events and workshops, including a seminar on renewable energy and a energy conservation awareness campaign.

Action Plan

1. Conduct an energy audit of the college campus to identify areas of energy inefficiency.
2. Organize a seminar on renewable energy to raise awareness among students and faculty members.
3. Launch an energy conservation awareness campaign to promote energy-efficient practices among students and staff.
4. Develop a plan to implement renewable energy projects on campus, such as solar panels or wind turbines.

Attendees

S.No.	Name	Designation	Sign
1	Dr. Deepti	Chairperson , Energy club	
2	Ms.Disha Upadhayay	Co-ordinator	
3	Ms.Vinesh Lata	Convener	
4	Mr. Rakesh Kumar	Secretary	

Conclusion

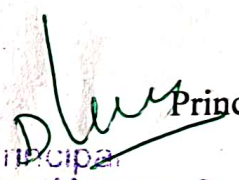

The meeting of the Energy Club was successful in forming a new committee, adding new members, and planning for upcoming events and workshops. The club aims to promote energy conservation and sustainability on campus and contribute to a greener future.

Report on World Environment Day

Observed at Vijay Memorial College of Education, Barsu.

On June 5, 2024, Vijay Memorial College of Education , Barsu(Bagla), celebrated World Environment Day with great enthusiasm. The Chairman -cum-Managing Director of the college, Mr. Gaurav Marwah, led the event, highlighting the institution's commitment to environmental sustainability.

As part of the celebrations, Mr. Gaurav Marwah, along with the faculty members, participated in a tree-planting ceremony. They planted various types of plants around the college campus, aiming to enhance the green cover and promote ecological balance. The types of plants included flowering shrubs, medicinal herbs, and shade-providing trees, each chosen for their environmental benefits and suitability to the local climate.

Mr. Gaurav Marwah emphasized the importance of environmental conservation and the role educational institutions play in fostering awareness and action among students. He encouraged everyone present to take individual steps toward protecting the environment, underlining that collective efforts are crucial for a sustainable future.

The faculty members also spoke about the significance of World Environment Day and shared practical tips on how students can contribute to environmental protection in their daily lives. The event concluded with a pledge by all attendees to continue their efforts in preserving and nurturing the environment.

The celebration at Vijay Memorial College of Education was a testament to the college's dedication to environmental issues and served as an inspiration for students and staff alike to be proactive in their environmental stewardship.

A TREE PLANTATION CEREMONY
on World Environment Day
in college Campus,
Vijay Memorial College of
Education Barsu, Mandi (H.P.)

Report on Tree Plantation Drive at Vijay Memorial College of Education, Barsu

Date: 14-7-2024

A tree plantation drive was successfully conducted at Vijay Memorial College of Education, Barsu, with the active participation of staff and students. The event was graced by the presence of Principal Ma'am, Deepati Marwah, who played a pivotal role in inspiring the participants and highlighting the significance of such initiatives.

The program began with a brief address by Principal Deepati Marwah, where she emphasized the importance of environmental conservation and the role of educational institutions in promoting sustainability. She encouraged everyone to take small yet impactful steps toward preserving nature and combating climate change.

A variety of saplings, including indigenous and fruit-bearing species, were planted on the college campus. The students and staff enthusiastically participated in the drive, planting saplings with care and commitment. Principal Ma'am personally joined the plantation activities, setting an example for all present.

In her closing remarks, Principal Deepati Marwah highlighted the need to not only plant trees but also ensure their growth through regular care and maintenance. She expressed her gratitude to all participants for their active involvement and urged them to continue contributing to environmental causes. The plantation drive was a resounding success, instilling a sense of environmental responsibility among the participants and enhancing the green cover of the college campus.

Report on Tree Plantation Drive at Vijay Memorial College of Education, Barsu

Date: 18/9/2024

A tree plantation drive was organized at Vijay Memorial College of Education, Barsu, under the able guidance of the college administration. The event aimed to promote environmental awareness and contribute to the fight against climate change by enhancing green cover on the campus.

The program was graced by the presence of Chairman, Gaurav Marwah Sir, who actively participated in the plantation activities, encouraging the staff and students to embrace sustainable practices. In his address, Chairman Marwah emphasized the importance of trees in maintaining ecological balance and their role in improving air quality and combating global warming.

During the event, a variety of saplings, including fruit-bearing and native species, were planted across the college premises. The initiative received enthusiastic participation from faculty members, students, and other staff members, who collectively planted saplings.

Chairman Marwah Sir applauded the efforts of the college team and stressed the need to nurture the planted saplings to ensure their growth and longevity. He further highlighted that such initiatives should become a regular practice to inspire future generations to care for the environment. The program was a resounding success, fostering a sense of responsibility and environmental stewardship among all attendees.

Report on Renovation and Maintenance Rainwater Harvesting Project

Established in Vijay Memorial College of Education Badsu(Bagla) July 2024

Introduction

Rainwater harvesting (RWH) is the process of collecting, storing, and utilizing rainwater for various purposes, primarily to reduce dependency on traditional water sources. It is an ancient practice that has gained modern relevance due to increasing water scarcity and the need for sustainable water management. Vijay Memorial college of education has taken a step towards conserving and utilising rain water. This project was established in 2021 and we took a step towards renovation and maintenance of the project in July 2024.

Importance of Rainwater Harvesting

1. **Water Conservation:** Reduces reliance on groundwater and municipal water systems.
2. **Groundwater Recharge:** Helps replenish depleted aquifers.
3. **Flood Mitigation:** Reduces surface runoff and urban flooding during heavy rains.
4. **Cost Efficiency:** Saves money on water bills and irrigation costs.
5. **Sustainability:** Provides an eco-friendly solution for water shortages.

Benefit

1. Environmental:

Reduces soil erosion. Enhances groundwater quality and levels.

2. Economic:

Cuts water supply costs. Reduces the need for large-scale water infrastructure.

3. Social:

Provides a reliable source of water in remote and water-scarce regions. Encourages community participation in water conservation.

Conclusion

Rainwater harvesting is a crucial strategy for sustainable water management in both urban and rural areas. Its adoption can alleviate water scarcity, protect the environment, and improve community resilience against climate change. Governments, organizations, and individuals must work together to promote and implement rainwater harvesting systems on a wider scale.

Report on Vermi Compost Tank for Waste Management

Vijay Memorial College of Education, Barsu Bagla

Date: 9 July 2024

Introduction

Vijay Memorial College of Education has taken a significant step towards sustainable waste management by setting up a vermi compost tank. This initiative aims to reduce organic waste, create a nutrient-rich fertilizer, and promote eco-friendly practices on campus.

Objectives

1. To manage organic waste generated on campus.
2. To produce a nutrient-rich fertilizer for college gardens and plants.
3. To promote sustainable practices and raise awareness about environmental conservation.

Methodology

1. **Setup:** A vermi compost tank was installed in a shaded area on campus.
2. **Feedstock:** Organic waste, including kitchen waste, garden residues, and tree litter, is collected and added to the tank.
3. **Earthworms:** Red Wiggler (*Eisenia fetida*) earthworms were introduced to the tank to facilitate decomposition.
4. **Maintenance:** Regular aeration, moisture control, and monitoring of temperature ensure optimal conditions for earthworms and decomposition.

Outcomes

1. **Waste Reduction:** Significant reduction in organic waste sent to landfills.
2. **Nutrient-Rich Fertilizer:** Vermicompost produced is rich in nutrients, improving soil fertility and promoting healthy plant growth.
3. **Eco-Awareness:** Students, staff, and faculty have become more aware of sustainable practices and environmental conservation.

Conclusion

The vermi compost tank has been a successful initiative in managing organic waste and promoting sustainable practices on campus. We aim to continue and expand this project, inspiring others to adopt eco-friendly methods for a greener future.

Report on the “Best out of Waste” activity organized at Vijay Memorial College of Education

Report: Best out of Waste Activity

Date: 31 August 2024

Venue: Vijay Memorial College of Education Barsu

Session: B.Ed. 2023-25

Introduction

As part of the B.Ed. session 2023-25, Vijay Memorial College of Education organized a creative and innovative activity, “Best out of Waste,” on 31 August 2024. The event aimed to promote environmental awareness, creativity, and resourcefulness among the students.

Objectives

1. To encourage students to think creatively and develop innovative ideas.
2. To promote environmental awareness and the importance of waste management.
3. To develop problem-solving skills and resourcefulness among students.

Activity Description

The “Best out of Waste” activity was conducted in the college premises, where students were provided with various waste materials such as plastic bottles, cardboard boxes, newspaper, and fabric scraps. The students were divided into groups and were given a set timeframe to create innovative and useful products from the waste materials.

Outcome

The activity resulted in the creation of numerous innovative and creative products, such as:

1. Decorative items like lanterns, vases, and pen holders.
2. Utility items like bags, purses, and folders.

3. Artistic creations like paintings, sculptures, and collages.

The students showcased their creativity and resourcefulness, and the event was a huge success.

Conclusion

The "Best out of Waste" activity was a valuable learning experience for the students, promoting environmental awareness, creativity, and resourcefulness. The event encouraged students to think outside the box and develop innovative solutions to real-world problems. The college plans to conduct more such activities in the future to promote sustainability and creativity among students.

A report on the cleanliness and plantation activity organized by the Energy Club

Introduction

The Energy Club of Vijay Memorial college of education Barsu organized a cleanliness and plantation drive at Naina Mata Mandir Palyani Nagchala, Chakri Road, Balh District, Mandi, HP, on 7 December 2024. This initiative aimed to promote environmental awareness, conserve natural resources, and foster community engagement.

Objectives

1. To create awareness about the importance of cleanliness and environmental conservation.
2. To promote sustainable practices and reduce waste.
3. To engage the community in energy-efficient and eco-friendly initiatives.
4. To enhance biodiversity through plantation.

Methodology

1. Pre-event planning: Coordination with temple authorities, local administration, and stakeholders ensured smooth execution.
2. Volunteer mobilization: Energy Club members, students, and local residents participated in the event.
3. Cleanliness drive: Participants cleaned the temple premises, surrounding areas, and nearby water bodies.
4. Plantation activity: Saplings of indigenous tree species were planted in designated areas.

Outcomes

1. Cleanliness: The temple premises and surrounding areas were thoroughly cleaned, collecting over 500 kg of waste.
2. Plantation: 200 saplings were planted, including species like Deodar, Oak, and Rhododendron.
3. Community engagement: Over 150 participants, including 50 students, engaged in the activities.

4. Awareness: Participants and local residents were sensitized to environmental issues and the importance of sustainable practices.

Impact

1. Enhanced community awareness about environmental conservation.
2. Improved cleanliness and aesthetic appeal of the temple premises.
3. Contribution to biodiversity and ecosystem balance through plantation.
4. Fostered community ownership and responsibility towards environmental protection.

Recommendations

1. Regular cleanliness drives and plantation activities.
2. Establishing a community-led environment committee.
3. Collaborating with local schools for sustained awareness.
4. Exploring funding opportunities for infrastructure development.

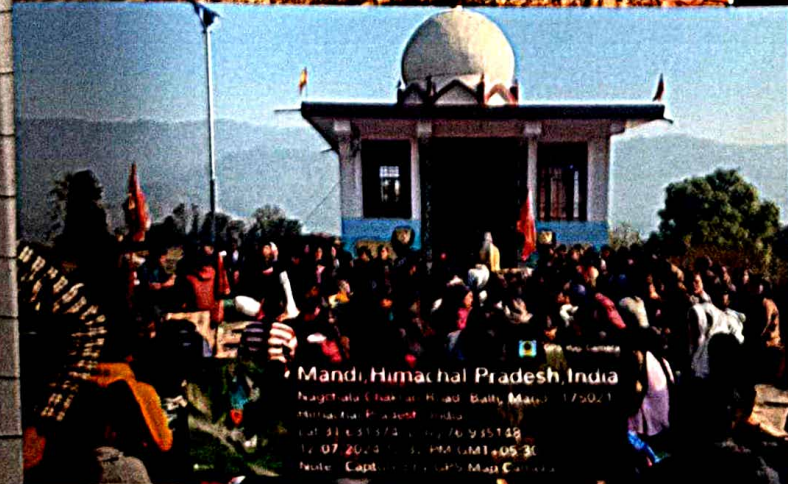

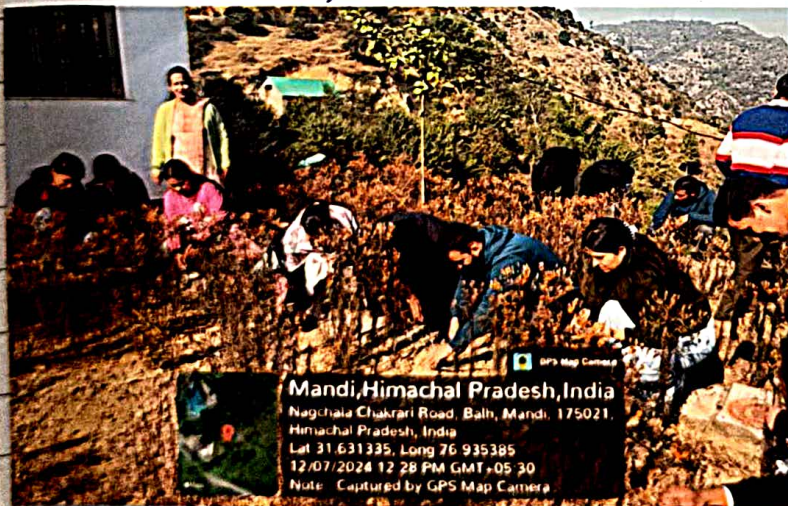

Conclusion

The Energy Club's cleanliness and plantation activity at Naina Mata Mandir Nagchala successfully promoted environmental awareness and community engagement. Building on this momentum, sustained efforts will ensure long-term benefits for the environment and the community.

Report on Meeting of Energy Club

Vijay Memorial College of Education, Barsu Bagla

Date: 12/12/2024

Introduction

The Energy Club of Vijay Memorial College of Education, Barsu Bagla, held a meeting to discuss various activities related to energy conservation and sustainability. The meeting also aimed to form a new committee and add new members to the club.

Agenda

1. Discussion on activities related to energy conservation and sustainability
2. Formation of new committee for Energy Club
3. Addition of new members to the Energy Club
4. Planning for upcoming events and workshops

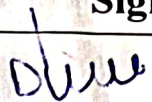

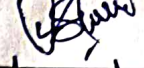

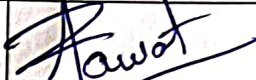

Proceedings

1. The meeting began with a welcome address by the Convener, Energy Club.
2. The members discussed various activities related to energy conservation and sustainability, including energy audits, awareness campaigns, and renewable energy projects.
3. The meeting formed a new committee for the Energy Club.
4. The meeting also added new members to the Energy Club, including Mr. Ajay Kumar Rawat.
5. The members planned for upcoming events and workshops, including a seminar on renewable energy and a energy conservation awareness campaign.

Action Plan

1. Conduct an energy audit of the college campus to identify areas of energy inefficiency.
2. Organize a seminar on renewable energy to raise awareness among students and faculty members.
3. Launch an energy conservation awareness campaign to promote energy-efficient practices among students and staff.
4. Develop a plan to implement renewable energy projects on campus, such as solar panels or wind turbines.

Report on Plantation Drive Organized by the Energy Club at Vijay Memorial College of Education, Barsu

Date: 26 december 2024

Venue: Vijay Memorial College of Education, Barsu

The Energy Club of Vijay Memorial College of Education, Barsu, successfully organized a plantation drive aimed at promoting environmental conservation and creating awareness about sustainable practices. The event witnessed enthusiastic participation from students, faculty members, and local community members.

Objectives of the Plantation Drive

1. To enhance the greenery on the college campus.
2. To instill the importance of tree plantation and environmental protection among participants.
3. To contribute to reducing the carbon footprint and mitigating climate change.

Event Highlights

1. Inauguration Ceremony:

The event was inaugurated by the Principal of the college, who emphasized the importance of environmental sustainability and the role of youth in protecting nature. A brief motivational speech was delivered to encourage participants to actively engage in such activities.

2. Plantation Activity:

Saplings were planted across the college campus and nearby areas. The saplings were carefully selected to ensure their adaptability to the local climate and soil conditions.

3. Awareness Program:

A short awareness session was conducted by members of the Energy Club, highlighting the benefits of tree plantation, the role of trees in maintaining ecological balance, and the importance of collective efforts in combating environmental issues.

Outcome and Impact

The plantation drive was a resounding success, with the active involvement of participants. The event not only added greenery to the campus but also inspired students and the local community to take proactive steps toward environmental conservation.

Acknowledgments

The Energy Club extends heartfelt gratitude to the college administration, staff, students, and community members for their support and participation. Special thanks to the local nurseries for providing high-quality saplings. The Energy Club looks forward to organizing more such initiatives to create a greener and healthier environment for future generations.

REPORT ON WORLD EARTH DAY

Every year earth day is celebrated on 22 April. The purpose of earth day is to protect the earth and raise awareness about several environmental issues such as pollution, climate change and deforestation.

On 22 April 2025 World Earthday was celebrated at GMS Naulakha. It was organized by B.Ed teacher trainees .The event aimed to raise awareness about environmental conservation and promote sustainable practice among the students. The celebration commenced at 1:05 pm to 3:00 pm.

On this day the following activities were organized by B.Ed teacher trainee along with students of GMS Naulakha.

1. **Painting Competition:** Several Students participated in painting completion, showcasing their creativity on Earth Day Themes. The earth day theme was “**Our Power Our Planet**”. Every students performance was amazing so it was difficult to choose the better one. Kirna from the 8th class highlighted the main points of world earth day theme in her painting and got the 1st position in this competition. Anil got the 2nd position and Ramesh Rao stood 3rd position in competition.
2. **Chart Making :**Students created informative charts highlighting the importance of environmental conservation. Total 8 no. of students took part in this chart making competition..Nikunj stood 1st position
3. **Rally :** A rally was organized, where we made 4 rows of 24 students included B.Ed teacher trainees and teachers of GMS Naulakha. They all marched through the school premises to tarot spreading awareness about Earth Day. Captions of each row and B.Ed teacher trainees had charts with them, on which different slogans have been written in Hindi as well as in English and they were also chanting these slogans to aware the people about different environmental issues and their prevention.
4. **Quiz competition :** Quiz competition was organized by B.Ed teacher trainees .In which 12 students participated actively. Participated students were divided into 4 groups with 3 students of class 6,7 and 8 in each group. Rules and regulations of the quiz were explained at the beginning. It was interesting three round competition, including objective questions with options. The students showcased their brilliance by rapidly answering the questions. The comparing for the event was done by Mr. Ramesh Kumar and Mrs. Vidya. In first round, the performance of group A, B, C was very well and group D eliminated due to their poor performance. In second round, performance of group A and C was amazing. In third round, the group that scored the most was group A team.

5. **Slogan writing and collage making :** Some of the students participated in Slogan writing and collage making.

6. **Bottle Planting:** Students of GMS Naulakha did bottle planting along with B.Ed teacher trainees, which promoted responsible waste management on earth Day and also contributed in green environment.

Objectives:

- 1 To raise awareness about environment issues.
- 2 To promote sustainable practices among students.
- 3 To encourage community involvement in environmental conservation.

The celebration was a huge success , with students actively participating in various activities. The event helped students understand the importance of protecting our planet and inspired them to take small steps toward environmental conservation. The world Earth Day celebration at GMS Naulakha was a memorable event, it was a great opportunity for students to learn about environmental conservation and develop a sense of responsibility toward the planet.

At the end of the celebration Mr Ramesh sir and Mrs Vidya madam distribute the prizes to students who came 1st, 2nd and 3rd position in following activities .

Report on Celebration of Earth Day

Date: 22nd April 2025

Organized by: B.Ed. Teacher Trainees at G.S.S.S.Tawan

To commemorate Earth Day on 22nd April 2025, the B.Ed. teacher trainees at Government Senior Secondary School, Tawan, organized a meaningful and engaging program centred on the theme of environmental awareness and sustainability. The primary events of the day were a Declamation Competition and a Poster Making Competition, both of which witnessed enthusiastic participation from the trainees and students alike.

Objectives of the Program:

1. To sensitize students and trainees about the importance of preserving the environment.
2. To encourage creative expression and critical thinking on environmental issues.
3. To promote public speaking and artistic skills among participants.

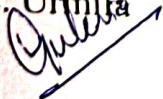

In the declamation the participants delivered powerful speeches on topics such as "Our Earth, Our Responsibility", "Climate Change: A Global Challenge", and "Sustainable Living for a Better Tomorrow". Simultaneously, a poster making competition was held in the school premises. The theme was "Save Earth, Save Future". Trainees and students used eco-friendly materials and demonstrated immense creativity in depicting the urgent need to protect our planet. The posters were judged on artistic expression, originality, and thematic relevance.

There is active participation of B.Ed. trainees in organizing and managing the events.

Eco-friendly decorations and materials were used to reinforce the message of sustainability.

Principal and faculty members lauded the efforts and encouraged the continuation of such awareness drives.
